

## State Prescribed Forms

The Wisconsin Department of Revenue (DOR) is tasked with developing standardized forms for use by assessors/municipalities to report various data, provide notice, or fulfill other statutory obligations. The use of state prescribed forms is highly recommended to ensure all requirements are met. However, if use of an alternate form is desired, DOR approval is required. The proposed form must be submitted to the Office of Technical and Assessment Services (DORBureauofAssessmentPractices@wisconsin.gov) for approval. The form will be reviewed and notification of approval sent if all required information is included. The approved alternate form will be assigned a form number for the specific submitting municipality. If the form will be used for multiple municipalities, a complete list must be included with the form.

~~The Wisconsin Department of Revenue (DOR) is given the duty of preparing standardized forms assessors need to use to report various data to the DOR and property owners. All assessors should use the State Prescribed Forms; however, if you are using a form other than a State Prescribed Form, you must submit the form to the Office of Technical and Assessment Services for approval. The form will be reviewed to ensure that it contains all of the required information. If the form is approved for use, a letter of approval will be sent. The approved alternate form will be assigned a form number for the specific municipality it was submitted for. If you assess multiple municipalities, a list of the municipalities in which the submitted form will be used must be included with the form.~~

The State Prescribed Forms can be found on the DOR website at <http://www.revenue.wi.gov/html/formpub.html>. The forms can be found under several different headings on the website.

- Government – Property Tax Forms
- Government – Property Tax Exemptions
- Government – Property Assessment Forms
- Government – State Prescribed Forms
- Utility Tax – Occupational Tax

Forms can be found at: <http://www.revenue.wi.gov/forms/govasr/spflist.html>

Assessors should be sure that they are using the most current forms available. A revision date is listed on the bottom of the form. For example, PA-5/661 (R.7-11).

The following is a list of State Prescribed Forms by WPAM Chapter.
